## DIRECTORS' ANNUAL REPORT

for the year ended 31 December 2018

The directors present their Directors' Annual Report, combining the Directors' Report and Trustees' Report, and the audited financial statements for the year ended 31 December 2018.

The financial statements are prepared in accordance with the Companies Act 2014, FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their financial statements in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

The Directors' Report contains the information required to be provided in the Directors' Annual Report under the Statement of Recommended Practice (SORP) guidelines. The directors of the company are also charity trustees for the purpose of charity law.

In this report the directors of Engaging Dementia present a summary of its purpose, governance, activities, achievements and finances for the financial year 31 December 2018.

The company is a registered charity and hence the report and results are presented in a form which complies with the requirements of the Companies Act 2014 and, although not obliged to comply with the Statement of Recommended Practice applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015), the organisation has implemented its recommendations where relevant in these financial statements.

### Mission, Objectives and Strategy

#### Mission Statement

The mission of the charity is to facilitate communication, engagement and connection for people with dementia and their carers through education, resources and community activities.

#### Objectives

- To train and educate care partners in the use of the therapeutic, multi-sensory Sonas programme and to provide ongoing support in maintaining a high standard of delivery of the Sonas programme for the benefit of people with dementia and other conditions involving cognitive or communication impairment;
- To educate and innovate best practice in the care of dementia and other conditions involving cognitive or communication impairment in hospital, day, residential care and community settings;
- To engage with other stakeholders in initiatives focused on improving quality of life for people living with dementia and other conditions involving cognitive or communication impairment and their care partners in the community;
- To raise public awareness and understanding of dementia and other conditions involving cognitive or communication impairment.

#### Strategy

Sonas apc changed its name to Engaging Dementia in 2018. The new name was chosen as part of a comprehensive strategic review which was undertaken by the Board of Directors in early 2018. The Board and members of Sonas apc agreed that, while the original name holds significance and the Sonas Programme will continue to be a core element of the organisation's work, Engaging Dementia better reflects the breadth of the organisation's work in dementia training services, dementia friendly design work and community activities, both now and into the future.

Engaging Dementia trains healthcare professionals and other caregivers in person centred dementia care and approaches and therapies which enhance the lives of people living with dementia. Its focus is on meeting the person's psychological, social, emotional and spiritual needs.

The company's primary area of training is in the use of the 'Sonas Programme', a therapeutic communication activity for people who have moderate to severe dementia, which was devised by Sonas apc founder Sr Mary Threadgold. It is designed to activate each participant's potential for communication (the apc in Sonas apc). The programme is currently delivered in an estimated 60% of nursing homes and hospitals nationwide, with more than 200 people certified as Sonas Licensed Practitioners every year.

Engaging Dementia also commissions expert dementia trainers to deliver training in other evidence-based therapies, approaches and interventions from Ireland and abroad, and holds an annual 2-day International Dementia Conference, the largest dementia event in Ireland.

It is involved in various community-support initiatives for people living with dementia and their families, including 'Alzheimer Cafes' in Ireland

Engaging Dementia, together with TrinityHaus Research Centre and Newtown Saunders Ltd, under the name Dementia Friendly Garden (DFG) Team, delivered a dementia friendly design service to a range of nursing homes in 2018. The DFG Team also designed and built an award-winning garden in Bloom 2018, Ireland's largest outdoor gardening festival.

At the end of 2017 the company was in receipt of an unrestricted bequest in the amount of €63,968. During 2018 it was agreed by the Board to invest a significant portion of this bequest in carrying out a comprehensive strategic review, upgrade of the company's website and update of the Sonas Programme Kit. The strategic review also involved the development of a new three year strategic plan (2018-2020) and a decision to rename the organisation Engaging Dementia, which was then implemented. The aim of the rebrand is to better position the company to provide a wider suite of services in dementia training and community activities, greater opportunity for collaboration with other charitable and statutory organisations, resulting in the delivery of increased sustainability in the future.

#### Income

Total income for the year was €260,923 compared with €315,859 in the prior year. The decrease in income was mainly due to a bequest donation in 2017.

Donations and other funding is down to €1,142 from €64,318 in 2017.

Funding from the Health Service Executive remains the same in the current year as 2017 at €92,885.

The company continues to focus on increasing income and controlling costs.

#### Financial Results

At the end of the year the company has assets of €88,928 (2017 - €129,041) and liabilities of €25,286 (2017 - €27,611). The net assets of the company have decreased by (€37,788).

#### Reserves Position and Policy

The charity needs reserves to:

- Ensure the charity can continue to provide a stable service to those who need them.
- Meet contractual obligations as they fall due;
- Meet unexpected costs;
- Provide working capital when funding is paid in arrears;

Based on this, the directors are satisfied that it holds sufficient reserves to allow the charity to trade successfully.

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with ethical requirements that are relevant to our audit of financial statements in Ireland, including the Ethical Standard for Auditors (Ireland) issued by the Irish Auditing and Accounting Supervisory Authority (IAASA), and the Provisions Available for Audits of Small Entities, in the circumstances set out in note 3 to the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Conclusions relating to going concern**

We have nothing to report in respect of the following matters in relation to which ISAs (Ireland) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

#### **Other Information**

The directors are responsible for the other information. The other information comprises the information included in the annual report other than the financial statements and our Auditor's Report thereon. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### **Opinions on other matters prescribed by the Companies Act 2014**

We have obtained all the information and explanations which we consider necessary for the purposes of our audit.

In our opinion the accounting records of the company were sufficient to permit the financial statements to be readily and properly audited. The financial statements are in agreement with the accounting records.

### Basis of preparation

The financial statements have been prepared on the going concern basis under the historical cost convention. The financial statements have been prepared in accordance with the Statement of Recommended Practice (SORP) "Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015)", Irish statute comprising the Companies Act 2014 and FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", applying Section 1A of that Standard.

# NOTES TO THE FINANCIAL STATEMENTS

continued

for the year ended 31 December 2018

### Income

All incoming resources are included in the Statement of Financial Activities when the charity is entitled to the income, the amount can be quantified with reasonable accuracy and it is probable the income will be received. The following specific policies are applied to particular categories of income:

Voluntary income is received by way of grants, donations and gifts and is included in full in the Statement of Financial Activities when receivable.

Income from government and other grants, whether 'capital' or 'revenue grants', is recognised when the charity has entitlement to the funds, any performance conditions attached to the grants have been met, it is probable that the income will be received and the amount can be measured reliably. Grants, where entitlement is not conditional on the delivery of a specific performance by the charity is recognised within income from donations and legacies. Grants, where related to performance and specific deliverables, are accounted for as the charity earns the right to consideration by its performance and included within income from charitable activities

### Donations and legacies

Donated services and facilities are included at the fair value to the charity where this can be quantified. Donations in kind are included at their estimated value to the charity in both revenue and expenditure in the year of receipt. Donated facilities are included as both income and expenses at the value to the charity where this can be quantified and a third party is bearing the cost. Where it is not practicable to measure the value of the resource with sufficient reliability the income is included in the financial period when the resource is sold. An asset is recognised only when those services are used for the production of an asset and the services received will be capitalised as part of the cost of an asset. Where it cannot be quantified the value is recognised when sold. The value of services provided by volunteers has not been included in these accounts. Resources received from non-exchange transactions for which the entity has benefited include: - Volunteer services.

Legacy income is recognised at the earlier of the date on which either: the charity is aware that probate has been granted, the estate has been finalised and notification has been made by the executor to the charity that a distribution will be made, or when a distribution is received from the estate. Receipt of a legacy is only considered probable when the amount can be measured reliably and the charity has been notified of the executor's intention to make a distribution. Where legacies have been notified to the charity, or the charity is aware of the granting of probate, and the criteria for income recognition have not been met, then the legacy is treated as a contingent asset and disclosed if material.

### Income from charitable activities

Incoming resources from charitable trading activities are accounted for when earned which is usually when the risk and rewards of ownership transfers; the sale can be reliably measured and it is probable there will be future inflows of economic activity.

### Expenditure

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is reported as part of the expenditure to which it relates.

Costs of raising funds comprise the costs associated with attracting voluntary income and the costs of trading for fundraising purposes. Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Governance costs include those costs associated with meeting the constitutional and statutory requirements of the charity and include the audit fees, costs of legal advice for directors and costs linked to the strategic management of the charity including the cost of directors meetings.

### Costs of charitable activities

### Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost or at valuation, less accumulated depreciation. The charge to depreciation is calculated to write off the original cost or valuation of tangible fixed assets, less their estimated residual value, over their expected useful lives as follows:

Fixtures, fittings and equipment	-	10% Straight line
Computer Equipment	-	25% Straight line

### Inventories

Inventories are stated at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items. Cost includes all costs incurred in the normal course of business in bringing them to their present location and condition. Inventories comprise fundraising materials. It is not considered practicable to value inventories of unsold donated goods at the year end.

### Debtors

Debtors are recognised at the settlement amount due after any discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due. Income recognised by the company from government agencies and other co-funders, but not yet received at year end, is included in debtors.

### Creditors

Trade creditors are recognised at cost.

### Cash at bank and in hand

Cash at bank and in hand comprises cash on deposit at banks requiring less than three months notice of withdrawal.

### Taxation

No charge to current or deferred taxation arises as the company has been granted charitable status under section 207 and 208 of the Taxes Consolidation Act 1997, Charity No CHY 11839. The charity is eligible under the "Scheme of Tax Relief for Donations to Eligible Charities and Approved Bodies under Section 848A Taxes Consolidation Act, 1997" therefore income tax refunds arising from sponsorships exceeding €250 per annum are included in unrestricted funds. Irrecoverable value added tax is expended as incurred.

### Foreign currencies

#### (i) Functional and presentation currency

Items included in the financial statements of the company are measured using the currency of the primary economic environment in which the company operates ("the functional currency"). The financial statements are presented in euro, which is the company's functional and presentation currency and is denoted by the symbol "€".

#### (ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

### **19. GOING CONCERN**

The company's financial statements have been prepared on a going concern basis as the Directors are of the opinion that the company can continue in operational existence for at least the next twelve months. The company has made a loss in the year ended 31 December 2018 of €37,788 and the company has net assets at the 31 December 2018 of €63,642. The Directors are confident that the going concern basis is appropriate. The company continues to focus on increasing revenue streams through driving existing activities and introducing new activities. At the end of 2017 the company was in receipt of an unrestricted bequest in the amount of €63,968. During 2018 it was agreed by the Board to invest a significant portion of this bequest in carrying out a comprehensive strategic review, upgrade of the company's website and update of the Sonas Programme Kit. The strategic review also involved the development of a new three-year strategic plan (2018-2020) and a decision to rename the organisation Engaging Dementia, which was then implemented. The aim of the rebrand is to better position the company to provide a wider suite of services in dementia training and community activities, greater opportunity for collaboration with other charitable and statutory organisations, resulting in the delivery of increased sustainability in the future. It also continues to be mindful of controlling costs in the next financial year. The financial situation is under constant review by the Board of Directors, with regular financial reviews and re-forecasting.

### **20. APPROVAL OF FINANCIAL STATEMENTS**

The financial statements were approved and authorised for issue by the Board of Directors on 24<sup>th</sup> June 2019.
